Welcome to Manvers Lake

We're delighted to welcome you to Waves Music Festival – a celebration of music and community, all set against the stunning backdrop of Manvers Lake in the heart of South Yorkshire.

By being here today, you're not just enjoying great music – you're also supporting the [Manvers Lake & Dearne Valley Trust](#), the charity that manages this amazing space. Your presence helps us continue to provide events, facilities, and outdoor activities that benefit the entire community.

About Manvers Lake

Manvers Lake is a true success story of regeneration. Once the site of a coal mine, it has been transformed into a thriving, beautiful hub for wildlife, recreation, and community engagement. Thanks to years of hard work and support, it's now a place where people come together for everything from sports and nature walks to festivals like this one.

What We Do

Manvers Lake & Dearne Valley Trust alongside [Manvers Waterfront Boat Club](#) (a sports club for members of the local community) hosts and supports a range of events throughout the year – including dragon boat races, open water swim festivals, and of course, music festivals like Waves. All of these events raise funds for charitable causes, support local groups, and help keep Manvers Lake an accessible to the local community and a vibrant part of our region.

Additionally, the Trust also provides an outreach programme for educational and other group users ([Manvers Lake Activities](#)), engaging with local schools and community groups to promote the use of their facilities and offering educational and recreational opportunities.

Enjoy the Festival!
